SmartTrac™

K&M NEW!

• SmartTrac™ is a revolutionary binder so advanced it's patented. • Its compact design uses less space than ring binders to store and present information. • Professional appearance of a bound book, yet pages lay flat for easy reading and protection. • Plastic track securely holds sheets of clear plastic protectors called VuMates, available in three styles which hold from 10 to 100 pages. • VuMates are interchangeable with SmartTrac™ and standard ring binders. • Standard 8.5" x 11" sheet capacity.

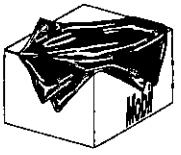
Choosing the Right Grade Trash Liner

Light - light office waste
Medium - filler, cardboard, wet paper
Heavy - wood scraps, light metal scraps
Steel Sak - toughest clean-up jobs, wet or bulky waste

Choosing the Correct Size Trash Liner

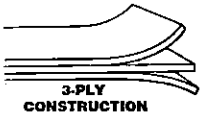


Mobil®

To determine liner height: add container height plus 1/2 length of longest side for square or rectangular containers (for round containers, add 1/2 the diameter) plus 4" for overhang. Example: #4 Witt round receptacle 14"H + (1/2 of 13" diameter) 6.5" + 4" overhang = 24.5" liner height needed.

High Molecular Weight - High Density Trash Liners

Mobil®



• Constructed with 3 layers of HMW-HD film providing superior strength. • Superior puncture and tear resistance. • Bags assume shape of container with evenly distributed pressure points. • Excellent gas and moisture barrier. • Star seal bottom creates leak-proof seal. • Confines odors. • Individually folded for easy dispensing and pilferage control. • High Molecular Weight - High Density Film can be recycled.

FOOT RESTS

Fax Industry Terms And Definitions

Broadcasting
The unit can send one or more documents stored in memory to a series of preprogrammed fax numbers or stations.

Confidential Transmission
The unit can send a document to the private mailbox of the receiving machine where it can be printed only by someone who has the password to that mailbox. This feature is generally available only when the transmitting and receiving machines are made by the same manufacturer.

FAX/TEL Switching
The ability to use one line for fax and telephone transmissions. The fax machine automatically detects whether the incoming call is a fax or voice transmission and switches the machine to that mode.

Grayscale
The fax machine's ability to handle varying shades of gray. The scanner is able to encode not only black-and-white areas, but also the grayscale in between.

Polling
The ability of the fax machine to call remote locations and to pick up any waiting fax messages.

Fax Paper General Information

Fax machines print the messages they receive by means of a thermal print head. The first portable fax machines had print heads that generated a hightemperature, therfore a standard coated paper was developed for these machines. As the development of faster and better machines has increased,the temperature of the thermal printhead has decreased. This resulted in the development of high sensitivity and ultra high sensitivity fax paper.

When selecting fax paper for your machine make sure to order the proper sensitivity to ensure a qualtiy document.

Typewriter and Computer Printer Ribbons

For your convenience, we are presenting our expanded selection of ribbons in machine manufacturer order. For easy identification, a picture of the ribbon for a particular machine model is featured, along with our order number and the ribbon manufacturer.

RIBBON TERMINOLOGY

I. Fabric
A. Cotton — high yield, lower print quality
B. Silk — medium yield, excellent print quality
C. Nylon — low yield, clear print quality

II. Film
A. Multistrike film — advances 1/3 or 1/5 the space of a single strike film character permitting multiple strikeovers on same area of ribbon.
B. Single strike — produce clearest, sharpest image; ribbon advances to next space as each character is struck, non-correctable.
C. Correctable film — carries ink that sticks only to surface of paper, which enables the ink to be removed with lift-off tape.

How To Choose A Surge Suppressor

Computers, telephone systems, fax, and copy machines are expensive, sensitive pieces of equipment that face the damaging effects of spikes, surges and line noises every day. Surge suppressors protect valuable investments from these devastating electrical transients that cause premature hardware failure and data loss. The following are definitions of the more commonly used terms:

• **UL1449**-The highest voltage the suppressor will let through.

500V	good
400V	better
330V	best

• **STAGES OF PROTECTION**-How many different components used to suppress surges.

1 stage	good
2 stages	better
3 stages	best

• **NUMBER OF PROTECTED LINES**-Hot to neutral, hot to ground, neutral to ground are possible protected lines.

1 line	good
2 lines	better
3 lines	best

• **CLAMPING RESPONSE TIME**-How fast a suppressor responds.

nanosecond	good
picosecond	best

• **JOULE RATING**-How much energy a suppressor can dissipate.

40-180	good
180-300	better
300+	best

• **MAXIMUM SURGE CURRENT**-The maximum current (amps) that a surge suppressor will suppress.

4500 amps	good
6500 amps	better
10,000+	best

How to Choose the Proper Sized Battery Backup System

Be sure the total wattage rating of the device(s) being run is less than the wattage rating of your Battery Backup System.
Make a list of load requirements for your CPU, monitor, external drives, etc. (Note: We do not recommend backing up printers except for certain critical applications.)
Next to each load put its nameplate rating wattage. If load rating is in V.A., put it down as watts. If load rating is in amps, multiply this number by 120 to obtain watts.
Add these up to obtain the total of nameplate ratings and choose an emergency power system with a wattage rating equal to or greater than the total load.

HELP YOUR CUSTOMERS STORE THEIR VALUABLES IN A SAFE PLACE.

Sell Verbatim® data storage products.

They start out 100% error-free, backed by a complete Verbatim warranty. And then they get better.

For example, our DataLife® Colors disks allow your customers to color-code their files for convenience and added security.

Teflon® is a DuPont registered trademark.

Our Teflon®-coated DataLifePlus® disks make it possible to wipe off fingerprints, dust, even pencil shavings. Without wiping out information.

Our 5.25-Inch and 3.5-Inch Rewritable Optical disks are virtually incapable of losing data. Plus, they both have enormous storage capacities.

And our data cartridges, high density data cassettes, 8mm/4mm helical scan data cartridges and reel tapes live up to the same impeccable safety standards we've set with our disks.

So order Verbatim today. And get the name you can't lose with.

ADVANCED DATA TECHNOLOGY

Only Maxell warranties for life, guarantees satisfaction, and gives free advice.

Because Maxell offers the most durable and reliable data back-up products, only Maxell can offer all of the following support for its full line of 1/4" data cartridges, 4mm and 8mm data cartridges, and data cassettes.

Maxell's Lifetime Warranty will replace any tape which proves to be defective for as long as you own it. Also, if you're not satisfied with the performance of our tape products, for any reason, you may return the tape within 90 days, with proof of purchase, and choose to receive either a replacement tape or a full refund.* We even provide a toll-free number, **1-800-377-5887**, where you can get assistance on trouble-shooting and operating problems with either our tapes or the drives themselves.

In short, nobody backs up their back-up like we do.

*Expires 12/31/92

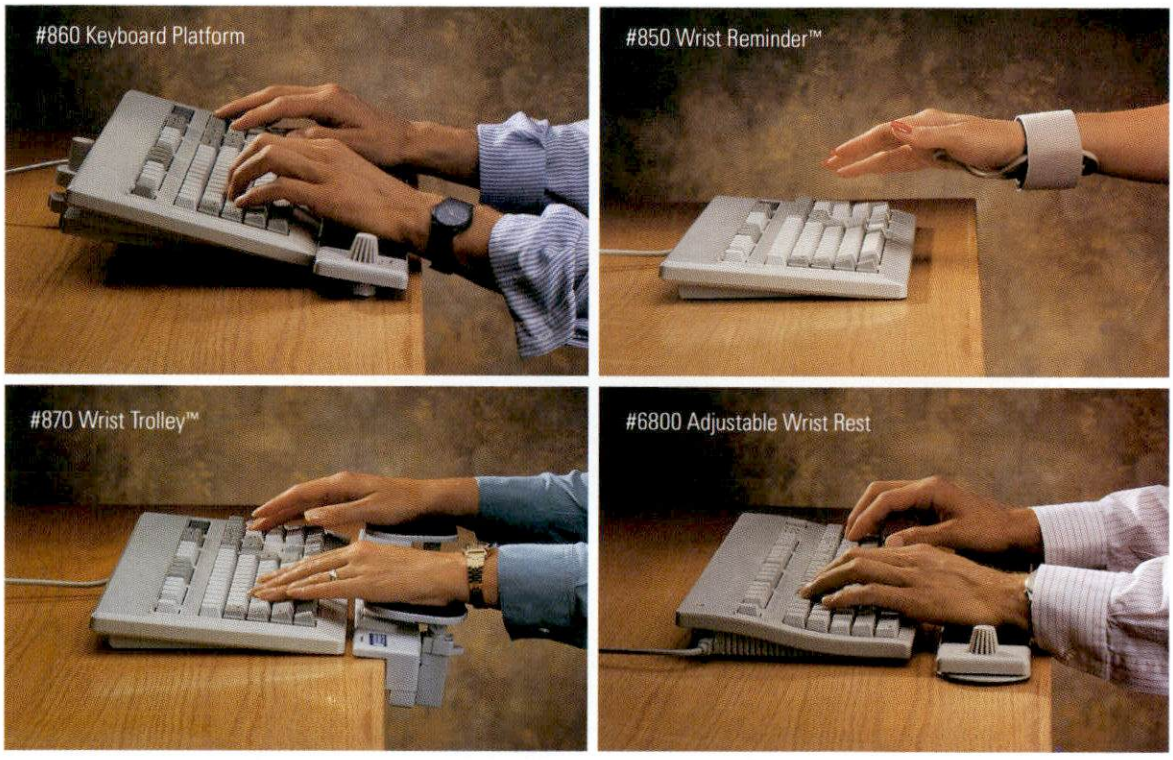
OUR NEW LINE OF WRIST SUPPORT PRODUCTS OFFERS ONE FEATURE THAT'S ABSOLUTELY UNIQUE.

A CHOICE.



Until now, there have been basically two kinds of keyboard wrist supports: wrist pads . . . and more wrist pads.

So, you can understand our enthusiasm when we announce the introduction of *the first true family of wrist support products designed for the computer.* The culmination of one of the most intensive R&D efforts we have ever undertaken.

Our Wrist Reminder,™ Wrist Trolley,™ Adjustable Wrist Rest and Keyboard Platform represent the beginning of a sizzling hot new category in computer accessories.

Meaning, now you're in a position to better serve your customers by offering them a complete range of wrist support solutions based on their individual needs and workstyle preferences.

Meaning also, you as a reseller are keeping pace with the mushrooming interest in workstation safety.

Grab hold of this opportunity. Call your MicroComputer Accessories distributor now and make room for our new Wrist Support Products.

They've just become the ergonomic accessory line of choice.

Nu·kote #LT71R Replacement Cartridge for Series II & III Laser Printers:

- Hewlett Packard #92295A
- Apple #M6002
- Canon #EP-S

Nu·kote Introduces The Quality Alternative

For HP Laser Cartridges

All Nu·kote remanufactured cartridges utilize the OEM cartridge and new or remanufactured components. We bring Nu-life to your used cartridge and assist the environment by recycling.

Dramatic Savings

Subsantially less expensive than OEM

100% Guarantee

Nu-kote warrants both the cartridge AND your printer

Highest Quality

Each cartridge is conpletely reconditioned or remanufactured and will produce superior graphic quality print

Support the environment

Discarded laser toner cartridges consume over 4,000,000 cubic feet of landfill.

We want your used cartridges!

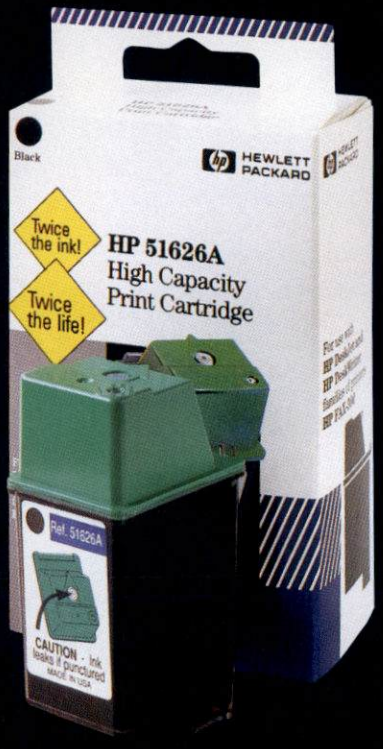
Keep your cartridges out of the landfill - we will utilize used cartridges over and over again. Contact your Nu·kote dealer regarding the Nu·kote Cartridge Recovery Program.

Recycle Today!

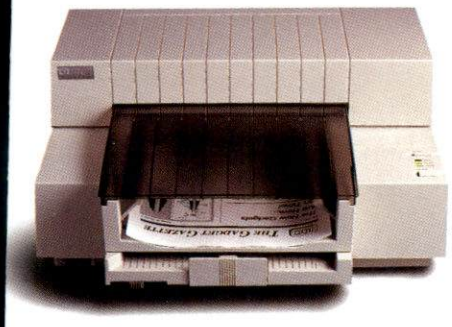
Nu·kote®

The Quality Alternative

Same size. Double double the the capacity capacity.



Want to get twice the number of pages from your HP DeskWriter or DeskJet printer?



Go twice as long without changing the cartridge? Then use the HP 51626A high capacity print cartridge. It's the same size and shape as your original 51608A. But thanks to an innovative internal design, the 51626A holds double the amount of black water-resistant ink. Which means that instead of getting 500 laser-quality pages from a cartridge, you'll get 1,000. And instead of replacing the cartridge every two or three months, you'll do it every five or six (based on average use, naturally). Here's an added bonus: your cost per page is over 25% lower. So the next time you need an inkjet replacement cartridge, get the HP 51626A. And get more more cartridge cartridge for your money.

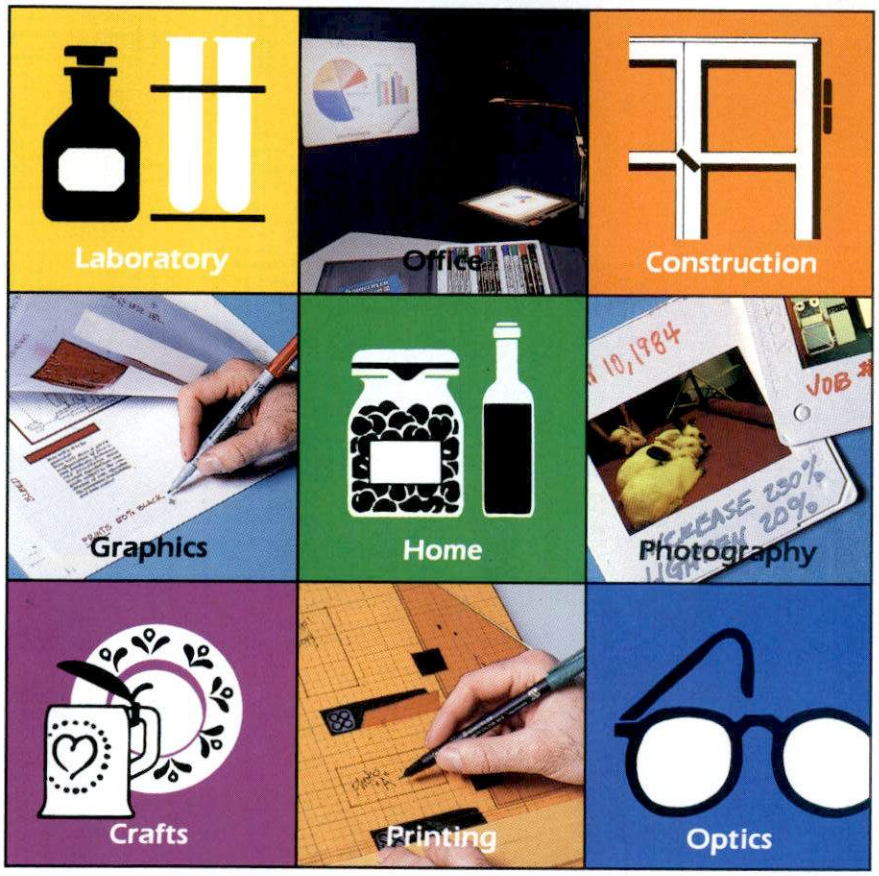
LUMOCOLOR AV



Lumocolor was first created for overhead projection. And it's still the superior marker for making transparencies and emphasizing important points in business or classroom presentations. It projects in vivid color, won't bead up or dry out.

But Lumocolor is so versatile it has dozens of uses. Lumocolor writes on smooth surfaces like glass, film, and plastic. It's terrific on shiny paper, laminated products, and labels. Its permanent ink even works on craft materials like ceramic, wood, leather, and stained glass.

Lumocolor can be used in the office, home, studio, print shop, lab, classroom. Superfine Lumolastic® points are strong enough to take heavy use, and still allow easy ink flow.

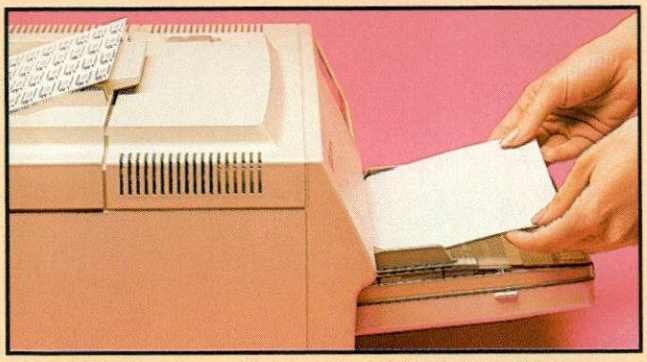
The Future of Indexing has Arrived!

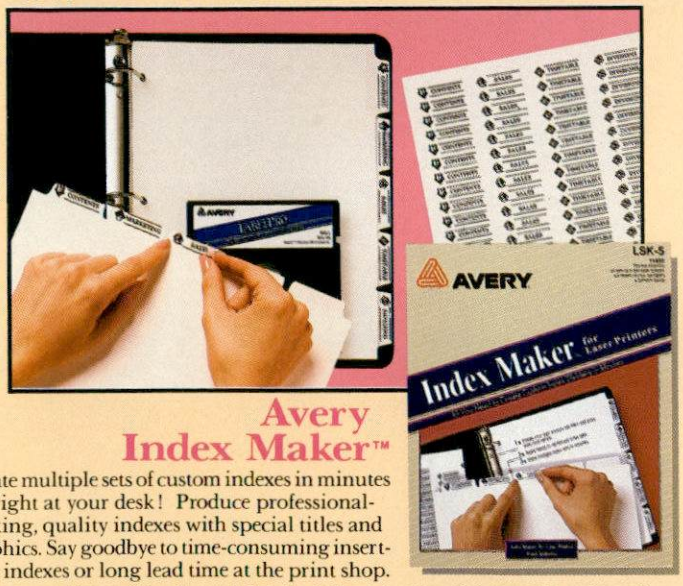
Make Great Looking Indexes at Your Desk

Avery Index Maker™

Key in index tab titles.



Load your laser printer with clear index tab label sheets. Print. Apply printed labels to clear reinforced tabs of indexes.



Avery Index Maker™

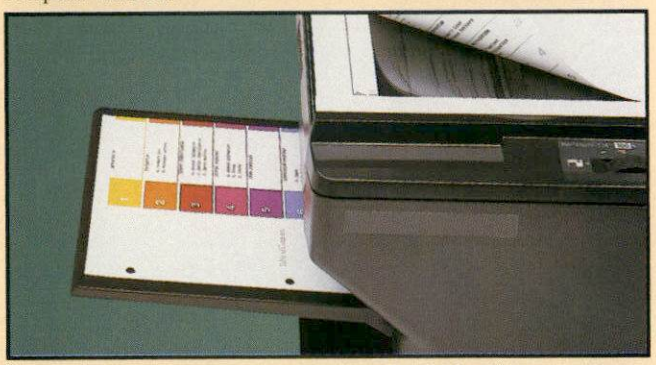
Create multiple sets of custom indexes in minutes — right at your desk! Produce professional-looking, quality indexes with special titles and graphics. Say goodbye to time-consuming insertable indexes or long lead time at the print shop.

To format titles on the clear tab labels, follow the simple instructions in each box. For even faster formatting, try Avery LabelPro™ Software or MacLabelPro™ Software with the convenience of built-in templates.

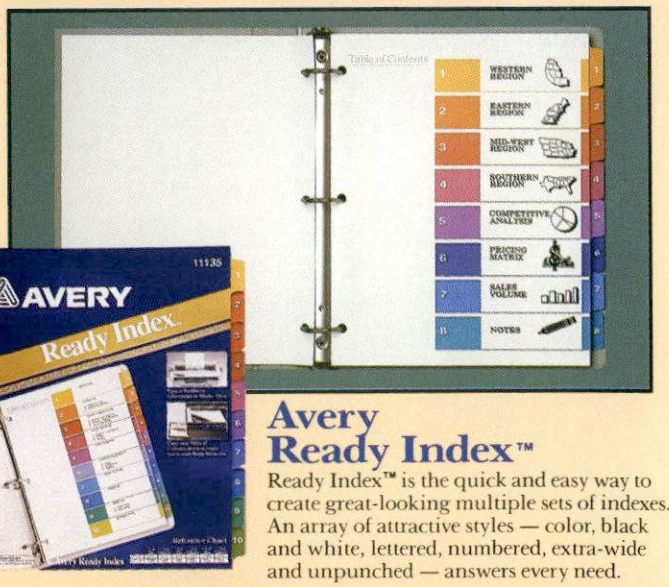
Three-, five-, and eight-tab styles fit all indexing needs. Copier version available.

Avery Ready Index™

Create a Master Sheet of your section titles with a typewriter, or your computer software.



Copy or laser print the section titles onto the Table of Contents sheets.



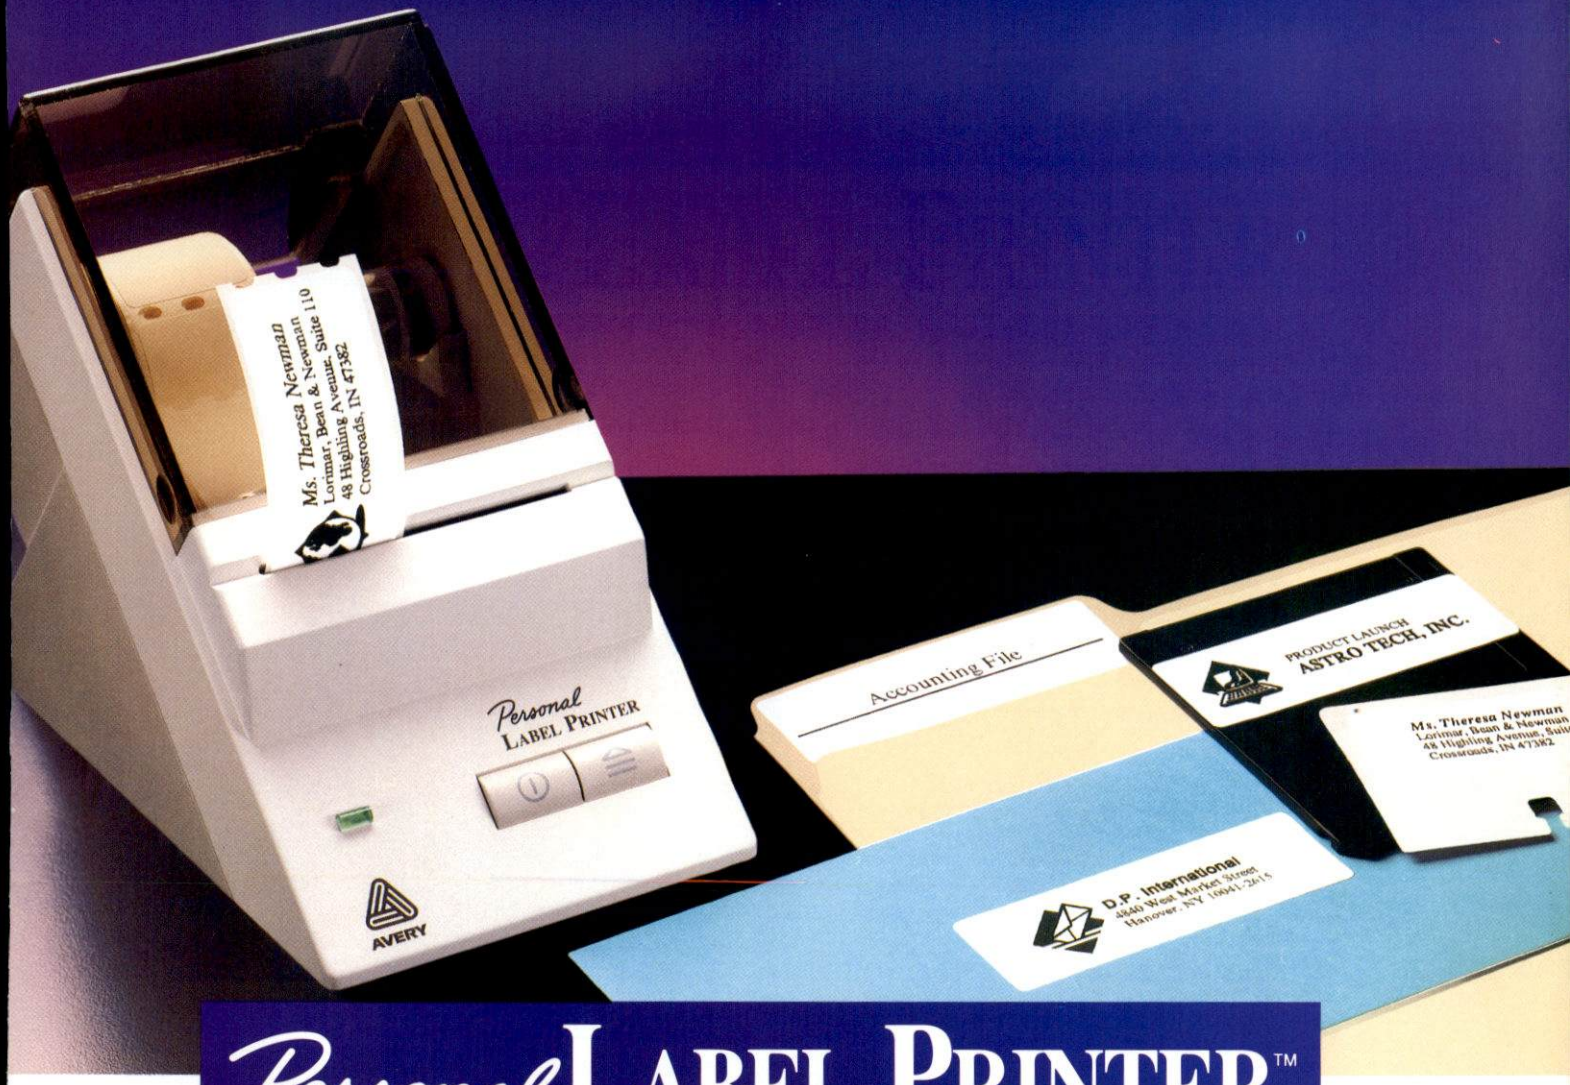
Avery Ready Index™

Ready Index™ is the quick and easy way to create great-looking multiple sets of indexes. An array of attractive styles — color, black and white, lettered, numbered, extra-wide and unpunched — answers every need.

Ready Index™ takes the drudgery out of preparing binders for meetings and office organization. To save even more time, produce your next Ready Indexes using the built-in templates in Avery LabelPro™ or MacLabelPro™ Software.

AVERY DENNISON

Address Your Individual Needs.

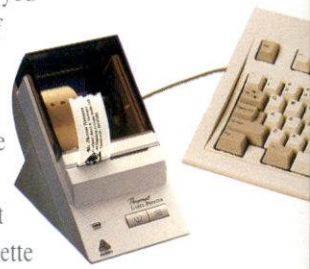


Personal LABEL PRINTER™

If you use a laser printer, you have discovered that there is no easy solution to printing less than a full sheet of labels... Until now. Introducing the Avery Personal Label Printer™, the quality solution for printing labels one at a time from your IBM®PC or compatible or Apple® Macintosh computer.

The Personal Label Printer is incredibly fast, *printing a label in less than four seconds.* Its powerful software automatically captures the address from within your word processing document and instantly prints a label. You also get a free copy of award-winning LabelPro™ or MacLabelPro™ Software ($99.95 value), designed to create professional-looking labels with built-in clip art and scalable fonts. You can even expedite your mail and save postage using the built-in postal bar code capability.

The Personal Label Printer includes everything you need to get started: printer, software, starter roll of Avery Label Printer Labels™, power cord and cable. Just connect it to your personal computer, load the software, snap in your label roll and you're ready to go.



So when you need a single label or just a few at a time — for addressing, labeling a file folder, diskette or binder, or routing information inter-office — the Personal Label Printer gives you the convenience and quality you need.

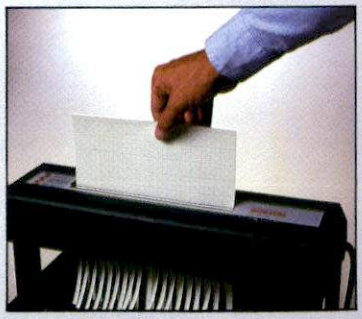
SECRET WEAPON

Personal Paper Shredder

For security of confidential and sensitive documents, BOSTON has created the ultimate personal paper shredder at a highly affordable price. As soon as paper is inserted in the contoured feed opening, it automatically shreds it — up to 5 sheets at once — then stops automatically. It's versatile, too — conveniently fits over all popular rectangular, round and square wastebaskets.

Deluxe 3-position switch for operating Automatic, Forward or Reverse

- Unique design provides easy, open access for emptying the waste receptacle without lifting the shredder
- Rugged, precision-ground hardened steel cutters shred paper, cards, microfiche, microfilm — even cut through plastic credit cards and standard staples
- Deluxe 3-position switch: Automatic for instant shredding; Forward for manual feeding of small or flimsy documents; Reverse for clearing the shredder
- Contoured feed opening accepts papers up to 8-3/4" wide
- Meets compliance specifications of Federal Privacy Act
- AUTO-RESET™ thermal overload mechanism shuts off motor temporarily to prevent burnout — resumes operation automatically after cooling down
- Fits all standard wastebaskets up to 16-1/2" high
- 90-day limited warranty
- U.L. listed and C.S.A. approved
- Made in the U.S.A.



With switch in Automatic position, shredder starts instantly when paper is fed into opening

Only the exclusive Brother ACS™ IntelliFAX® Series can print out its own Fax Sheet.

Only a Brother IntelliFAX gives your customers the straight facts.

At a touch, the FAX Sheet self-demo system prints out feature and function-filled literature right before your customer's eyes.*

And because these are Brother ACS models, they'll instantly see the benefits of the unique anti-curl system.

There's more. These newly designed machines will also have unique features such as "Smoothing", Enhanced Image Resolution, Super CoverPage, Multiple Resolution Transmission (grey scale), Enhanced Remote Activation...and much more.

We're offering another sales-clinching advantage: included with each fax is a starter roll of "ThermaPLUS" fax paper which feels and looks like plain paper. With ThermaPLUS, print fading is reduced, filing is easier and you can even write on it with a pen or highlighter. Of course, it also uses standard fax paper, too.

If you let the FAX speak for itself, by the time you're ready to sell the value...it might already be sold.

*Self-Demo models are available by special order for in-store use.

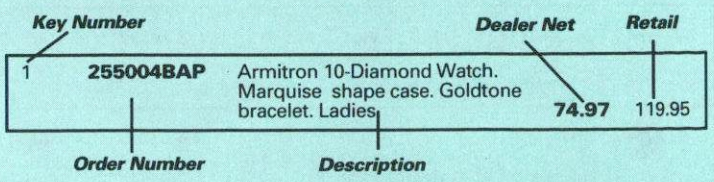
How To Order From Our Jewelry Section

1. After selecting from our color jewelry section, locate the corresponding key number on the jewelry description pages for order number, description and pricing.
2. Ordering from our color jewelry section is easy. Simply call our toll-free number and give the telephone sales agent the order number of the jewelry item you want. Specify the quantity and confirm the price listed in the catalog.
3. Because of separate inventory control procedures, jewelry orders are processed, invoiced and shipped separately from our other merchandise. Jewelry orders cannot be combined with other orders.
4. If you wish to order products from another section of our catalog in addition to items from our color jewelry section, **please order your jewelry items first.**



5. Ladies' rings will come in sizes 6 or 6 1/2. Men's rings will come in size 10. Sizing is the responsibility of the purchaser.
6. Plain and engraved wedding bands come in various sizes - the last two digits of the catalog number represents the ring size.
7. Please read the terms of sale section below for special shipping and handling information.
8. Jewelry items are not shown actual size.

Terms of Sale For Jewelry Items

1. All sales are final. If you have any problems concerning your jewelry shipment, please call our customer service department at 1-800-BAP-1000.
2. Jewelry order will be invoiced separately and the items ordered will not be included in meeting the shipping and handling charges on your general merchandise order.
3. Most of these orders will be shipped by UPS. On COD orders shipped UPS a COD fee will be charged.
4. Please allow approximately 1 to 2 weeks for delivery.
5. All jewelry prices are subject to change due to fluctuating market conditions.
6. Certificates of authenticity on diamond purchases will be supplied upon request from customer service.

If for any reason your jewelry order must be shipped Parcel Post, the following conditions will apply to the order:

1. Jewelry orders up to $500 can be sent COD. There will also be a money order fee collected by the Post Office upon delivery. The amount of the fee will vary depending on the dollar value of the money order.
2. Jewelry orders over $500 must be prepaid in advance with a company check, or charges to your company account, handled with a bank transfer of funds, VISA or MasterCard.
3. Jewelry orders will be shipped by Insured Parcel Post. Orders over $500 will be shipped by Registered Insured Parcel Post with a return receipt request form.

Diamonds

Upon request, B.A. Pargh Co. will send a diamond certificate for registration purposes. Full cut diamonds are fashioned with 16 facets. A diamond is an extremely hard and durable stone which has a natural grain and may crack or chip. This certificate is not a warranty against damage. We suggest you insure your diamond against damage and loss.

DIAMONDS:
Full cut diamonds are fashioned with 58 polished facets. Single cut diamonds are fashioned with 16 facets. A diamond is an extremely hard and durable stone which has a natural grain and may crack or chip. This certificate is not a warranty against damage. We suggest you insure your diamond against damage and loss.

MOUNTINGS:
Gold is soft and a prong can be bent, twisted, or otherwise damaged, loosening the diamond. We suggest that you have your diamond insured against loss and the mounting periodically checked for tightness.

WEIGHT SPECIFICATIONS:
The carat weight of all diamonds meet, or exceed, our specifications for weight. A carat is divided into points. Each point is 1/100th of a carat. Thus a ring with one 50 point diamond is 1/2 carat solitaire; a ring with several diamonds with a total weight (T.W.) or 75 points has 3/4 carat total weight. Our weight specifications are as follows:

1/5 ct. can be .18 – .22 ct.	3/4 ct. can be .69 – .82 ct.
1/4 ct. can be .23 – .28 ct.	1 ct. can be .95 – 1.05 ct.
1/3 ct. can be .29 – .36 ct.	1-1/4 ct. can be 1.20 – 1.29 ct.
3/8 ct. can be .37 – .44 ct.	1-1/2 ct. can be 1.45 – 1.55 ct.
1/2 ct. can be .45 – .56 ct.	2 ct. can be 1.95 – 2.05 ct.
5/8 ct. can be .57 – .68 ct.	3 ct. can be 2.95 – 3.05 ct.

RETURN POLICY:
All sales are final due to the high cost of handling returned merchandise. B.A. Pargh's policy of inventory control and fast shipping lets you order just what you need when you need it. There is no need to purchase a large quantity of merchandise that you may not be able to move. Let us be your warehouse and eliminate the need for returns.

PERSONAL GUARANTY (OPTIONAL)

In order to induce B. A. Pargh Company, Inc. ("Pargh") to sell and ship to _____ (customer) of _____ (city), _____ (state) ("Purchaser") on its usual credit terms, such goods and merchandise as Purchaser may from time to time select, and in consideration thereof, I/we jointly and severally guarantee and hold myself/ourselves personally responsible for the payment at maturity of the purchase price of all such goods and merchandise so sold and shipped whether evidenced by open account, note or otherwise. I/we waive notice of acceptance hereof, amount of sales, date of shipment or delivery, notice in default in payment and/or legal proceedings against the Purchaser. This is intended to be, and is, a continuing guaranty applying to all sales made by Pargh to Purchaser from this date and shall not be revoked except by written notice delivered to Pargh not to make any further advances on the security of this guaranty. Any such revocation shall be effective only prospectively and shall not affect liability incurred by the undersigned under this guaranty prior to such receipt.

Quarterly Retail Flyers

Hot Superstore Prices for Competitive Markets and Higher Margin Prices for Less Competitive Markets.

Now B.A. Pargh offers our successful retail flyer for you to give to your customers in two different priced versions. They have the same high impact design with big graphics and bright colors that has proven so successful with dealers nationwide.

The flyer is currently in-stock in our warehouse. Prebook your flyers in advance for shipment the 1st week of the quarter.

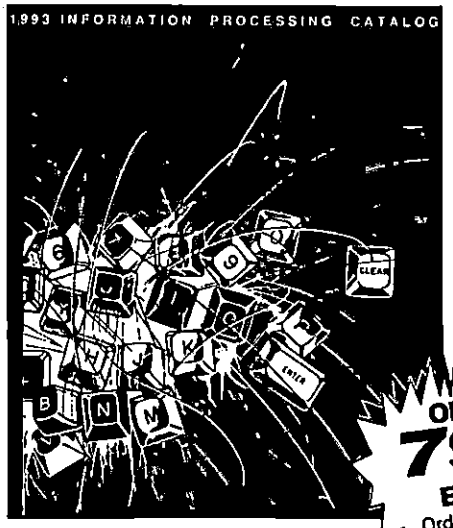
"Compete" Flyer

Now dealers in locations that have superstores, warehouse clubs and deep discounters can put a promotional piece on the street that shows high visibility leader items at competitive prices. Our "Compete" flyer will make you look good in the market place.

"Higher Margin" Flyer

For those dealers in less competitive markets, higher margins are available with our "Higher Margin" flyer. Although still "off price" this flyer allows for higher margins than the "Compete" flyer.

- Lowest cost promotional piece available, only 10¢ each!
- No dealer prices or mention of B. A. Pargh Co.
- Make them available to your walk-in customers in your retail outlet!
- Give to your customers when you call on them - a great promotion for inactive or lost accounts!
- Available pre-folded, ready to mail, in packets of 50 each.



1993 Information Processing Supplies Retail Catalog

The new 112 page "IP" catalog contains B. A. Pargh's entire line of information processing supplies including ribbons, computer tape, data cartridges, diskettes, and optical disks. In addition, you'll find a wide selection of computer work station accessories such as media storage and glare screens, computer and office machine cleaning and maintenance kits, computer security kits and electrical accessories, business equipment supplies, laser cartridges and printer supplies. The catalog also features peripherals including monitors, keyboards, printers and modems. It has a graphic 4-color cover, retail prices only and no mention of B. A. Pargh Company.

TERMS OF SALE

The catalog is effective from October 1, 1992 through March 31, 1993. Prices are subject to change without notice.

1. **OPEN ACCOUNT.**
Most accounts can be credit scored within 24 hours via our direct link with Dun & Bradstreet. We will require a credit application if we cannot credit score your account. This process could take up to 4 weeks for processing if this is the case. While we contact your credit references you will be set up as a COD **cash** or credit card account. Please complete **all blanks** on the application and mail to the address at the top of the form or via facsimile to 1-800-247-4FAX. Terms of payment will be net 10 days from date of invoice.

2. **CREDIT CARDS.**
If you do not want or do not qualify for an open account, you can avoid paying C.O.D. fees by using MasterCard or Visa.

3. **C.O.D. CASH ONLY**
Initially accounts are set up C.O.D. cash or credit card only until the references are checked. C.O.D. cash accounts must pay by cash, cashiers check, money order or wire. Personal or company checks will not be accepted.

4. **C.O.D. COMPANY CHECK.**
We will accept a company check (subject to prior approval). C.O.D. orders over $1,000 will require prepayment by cashiers check, credit card or money wire.

5. **PAY IN ADVANCE.**
You may place your order and send payment in advance. Be sure to include your B.A. Pargh dealer number, order number, and the word "prepayment" on your check. Please send all prepayments to:

B.A. Pargh Co., Inc., ATTN: Peggy O'Brian,
P.O. Box 24510, Nashville, TN 37202.

C.O.D. FEES. A UPS C.O.D. fee will be added to all C.O.D. shipments. C.O.D. fees for USPS will vary depending on the dollar value of the shipment. Contact your local Post Office for more information.

6. **BANK TRANSFER.**
If you would like to prepay by bank transfer, contact our sales department for details. Be sure to include your company name and B.A. Pargh dealer number with your transfer. Our account number is 203801, Telex Number ITT - 4621020.

7. **STAND-BY LETTER OF CREDIT.**
A letter of credit can be issued by your bank to B.A. Pargh Co., Inc. This is only used if payment is not received within the specified terms. Call our credit manager for details.

The following terms will apply to all orders:

- No minimum order.
- Orders under $200 will be charged a $5 handling fee on the initial shipment, but will not be charged on backorders.
- Shipping charges on UPS orders (including backorders) will be added to your order total. Merchandise shipped via common carrier will be shipped prepaid (if possible) and added to your invoice or freight collect (See "Freight Shipments" on the next page for further details.) All orders are shipped FOB Nashville, TN.
- Accounts put out for collection due to past due amounts or for unclaimed returned checks will not be allowed to resume a business relationship with B.A.Pargh unless all amounts are current and we have been reimbursed for collection charges.
- A $25 handling fee will be charged for returned checks.

BUY WITH CONFIDENCE - WE WILL MEET THE COMPETITION'S PRICE

We will meet competitive office products wholesalers (any member of WSA) pricing for our customers on a printed published advertised price, or customer supplied current invoices less than 30 days old up to a maximum of $50 per model # (line item). Items must be "exact" brand and model number and not on close-out. We will not meet manufacturer prices.

RETURN POLICY

WARRANTIES

All merchandise is sold with the manufacturer's warranty. No other warranty or guarantee expressed or implied is made. These warranties are provided for the end consumer only. B.A. Pargh Company, Inc. is a wholesale distributor and **we are not responsible for the repair of merchandise.** As a service to our dealers we will consider requests for replacement of initially defective merchandise reported to us within 30 working days from the date of invoice and **when allowed by the manufacturer.** Because of various manufacturer's policies you will need to call us at **1-800-BAP-1000** so disposition of the merchandise can be determined.

Defective Merchandise returned will be exchanged with the identical item only. No defective item can be returned for credit only.

DAMAGED MERCHANDISE

We use the finest packing materials available and every effort is made to prevent damage. In the event damaged merchandise is received, retain the original shipping carton and take the following steps that apply:

A. United Parcel Service (UPS) - Contact your local UPS office for an inspection report. Require UPS to return the merchandise to us, **do not return the merchandise yourself.**

B. Parcel Post (USPS) - If merchandise is damaged, take the package to your local post office and file a damage claim. The post office will investigate the claim and make restitution to cover the damage.

C. Truck Line - If merchandise is delivered to you in a damaged condition, **note the nature of the damage on the driver's copy and your copy of the freight bill. Have the driver sign both copies.** You can now file a claim with the carrier. If concealed damage is found, keep the damaged carton and call the truck line **immediately** for an inspection report.

LOST MERCHANDISE

Merchandise lost in shipment will be replaced after the shipment has been traced. Upon notification from the carrier of non-delivery, a claim will be filed, the merchandise replaced, a credit applied, or a refund check issued.

TYPES OF RETURNS

Shipping errors - B. A. Pargh error. All shipments should be checked immediately upon receipt. Duplicate shipments, DOA defective, or any errors in shipment on our part will be corrected by us upon notification of the error. Notification must be made within **30 days from date of invoice.**

Ordering Errors - Dealer error. On any merchandise over $30, ordered in error you may request a return authorization from us within **30 days from date of invoice.**

Once the disposition of the merchandise is determined a Telephone Representative will: Provide the name and Phone # of the Manufacturer or issue a return authorization number with packing & shipping instructions. All returns must be accompanied by a copy of the invoice. **You will be given a return authorization number and returns will not be accepted without this number displayed on the return shipping label** (see back of packing slip invoice). All merchandise returned to B.A. Pargh must be in the original box and packing. After return, an inspection will be made by our warehouse, if freight damage in indicated as the reason why the merchandise was returned, **credit will not be issued. Shipping charges incurred due to the return of merchandise are the responsibility of the dealer.**

15% restocking fee. Merchandise that is not initially defective and accepted for return will be credited at 85% of the invoice price to cover handling and restocking.

NON-RETURNABLE MERCHANDISE

The following items cannot be returned to B.A. Pargh Company for any reason due to manufacturer's policies: Canon facsimile and copiers, Smith Corona typewriters and word processors, Cross, Mont Blanc, dated merchandise, Zero Haliburton, Sharp copiers and microwaves and Panasonic Video merchandise.

B.A. Pargh Company, Inc. cannot be responsible for typographic or other catalog misprints. B.A. Pargh Company, Inc., does not offer price protection of any kind. Although catalog pricing is generally held, B.A. Pargh Company, Inc. reserves the right to change prices on any item at any time.

UPS HUNDRED WEIGHT

On orders weighing 200 to 500 lbs. B.A. Pargh has the UPS Hundred Weight Shipping Advantage. This allows orders that once had to be shipped via common carrier to be shipped by UPS ground, **faster and at much lower rates.**

Shipments to Alaska, Hawaii, Puerto Rico, and the U.S. Virgin Islands will be shipped U.S.P.S., fourth class mail, unless otherwise requested.

DROP SHIPMENTS

We will drop ship to your customers. Shipping and handling policies will apply to each shipping point. A separate order must be entered for each location. For your protection, Open Account drop ships may require telephone verification.

FREIGHT SHIPMENTS: COLLECT & PREPAID

On Open Account orders or orders that are prepaid, B.A. Pargh Co., Inc. has arranged with several major carriers for **very favorable freight rates.** The shipping instructions already listed apply to all merchandise in the catalog except the following:

- COD orders being shipped by common carrier must have the merchandise prepaid by the dealer.
- Shipments exceeding U.P.S. limitations or any item(s) which because of size, weight or number of cartons causes unusual charges from UPS or **any item specifically noted "must be shipped freight" in the catalog will be shipped (FOB Nashville) freight collect or prepaid via common carrier and added to your invoice.**
- **Need inside delivery?** Truck drivers are only required to provide delivery to the tailgate of their trucks. Assistance in carrying your shipment into your building will cost a little more. Please ask your sales representative the cost of any special handling you require.

Explanation of Symbols

SPECIAL — Continuing items offered at a reduced price.

† — Retail prices followed by a dagger(†) indicate that the manufacturer does not publish a suggested retail price for that item. Based on pricing of similar merchandise in the marketplace, B.A. Pargh Company has printed a suggested retail price.

NEW! — Products offered by B.A. Pargh Company or the manufacturer for the first time.

R.I.C.S. — This symbol indicates merchandise featured in our Profit, Impact, Compare and Save List. Compare our Price on these best sellers against other wholesalers prices!

FREE — Indicates an item that is free with the purchase of another item.

REBATE OFFER — Rebate offered by the manufacturer. Details are in the product description.

UL — Approved or listed by Underwriters Laboratory.

RECYCLED — Recycled Products.
